10:03:15 25 MR. SCHOEN: On the record.

First, I'm going to make my apology.

Mr. Malouh, can you hear me still now?

THE WITNESS: (In English.)

MR. ROCHON: We hear you. But it -- it would be helpful if there was only one person speaking at a time so that we can hear clearly.

MR. SCHOEN: I'm sorry. I'm sure we'll work all of the kinks out soon in the process.

MR. McALEER: If I may, this is Chas McAleer, counsel for defendants for the record.

Just for clarification, for the folks who are in Ramallah, I believe that Shimon, who is one of the translators here, was trying to do as he has done at other depositions very well, simultaneous translation.

That may normally be workable when the witness and the examiner are in the room. But I think, in this circumstance, where we are in remote locations between the witness and the examiner, it will be better if we do sequential translations or we -- or -- Shimon corrects me. It is -- the proper term is "consecutive translations."

| 10:03:18 | 1  | So are we agreed in doing consecutive                 |
|----------|----|---|
| 10:03:20 | 2  | translations?   |
| 10:03:21 | 3  | MR. SCHOEN: I'm fine with whatever works              |
| 10:03:23 | 4  | best. Let's try it.                                   |
| 10:03:25 | 5  | MR. McALEER: Translators Shimon Ben-Naim              |
| 10:03:29 | 6  | and Albert Aghazarian, are you in agreement that that |
| 10:03:32 | 7  | is the most effective way to handle the translations, |
| 10:03:35 | 8  | given the remote locations?                           |
| 10:03:39 | 9  | OFFICIAL INTERPRETER BEN-NAIM: We do.                 |
| 10:03:40 | 10 | OFFICIAL INTERPRETER AGHAZARIAN: We do.               |
| 10:03:42 | 11 | MR. SCHOEN: Now, before before we make                |
| 10:03:45 | 12 | a statement as to who's present, I wanted to simply   |
| 10:03:52 | 13 | apologize.  |
| 10:03:58 | 14 | Mr. Malouh, especially, I did not mean to             |
| 10:04:02 | 15 | keep you waiting. I was stuck in traffic, and I got   |
| 10:04:06 | 16 | lost. I've never been here before. Okay.              |
| 10:04:20 | 17 | You want to swear the witness first?                  |
|          | 18 |   |

|          | 23 | duly affirmed to translate from English               |

                         BY MR. SCHOEN: I'm sorry. We're just
                    Q.
10:08:44
          9
               trying to get the rhythm going here. So we'll just
10:08:47
          10
               translate -- everything I say will be translated, and
10:08:49
          11
               then you answer. And then everything you say will be
10:08:52

               translated, and then I'll give my next question.

10:09:20
         18
               translators. They're sitting to my right. I know
         19
10:09:24
               that's going to be confusing.
10:09:25

10:09:34

10:09:34
           4
               that the protocol at the moment is that Shimon Ben-Naim

                         The PLO covers the expenses of all members

10:12:17

                         I understand. But for you, that's the reason

10:12:22
           5
               they pay for your car and your house?

           6
                    Α.
                         Yes. Being a member of the Executive

10:12:39

                         The cost of my apartment rent is around

               $11,000 annually.
10:12:57

10:13:14
         14
                         MR. ROCHON: This is Mark Rochon -- Mr. --
10:13:14
         15
               Mr. Schoen, I assume that this is the portion of the
10:13:20
          16
               examination, given your questions, that relates to the
10:13:23
         17
               status of the witness as a member of the PLO Executive
10:13:27
          18
               Committee and, when you move to the portion that deals
          19
10:13:29
               with him in any other capacity, you will so state,
10:13:31
          20
               consistent with Judge Leon's order?
10:13:34
          21
                         MR. SCHOEN: Mr. Rochon -- Rochon -- sorry.
10:13:36
          22
                         MR. McALEER: "Rochon."
10:13:37
         23
                         MR. SCHOEN: -- Rochon -- I'm sorry.
10:13:39
          24
                         Mr. Rochon, yes. In fact, I have the order
10:13:41
          25
               in front of me. And I think the order actually says
```

```
10:13:44
           1
               that I should begin with the questions in Mr. Malouh's
10:13:49
           2
               capacity as the PLO -- member of the PLO Executive
10:13:52
           3
               Committee and, after completing that, then go to the --
10:13:56
               any other -- what it says specifically is:
           4
10:14:00
           5
                         "Regarding any relevant knowledge" --
10:14:02
           6
                         MR. ROCHON: Well, Mr. Schoen -- Mr. Schoen,
10:14:04
           7
               it's going to be impossible for the translator to keep
10:14:07
           8
               up with you. You've got to break it up a little bit.
10:14:10
           9
                         MR. SCHOEN: Okay. Well, I'm more used to
10:14:12
          10
               doing simultaneous translation. But we agreed, in this
10:14:13
          11
               case, to do this. But you're right. I spoke too long,
10:14:16
          12
               I suppose.
10:14:18
          13
                         MR. ROCHON:
                                      Yes.
10:14:18
          14
                         MR. SCHOEN: Go ahead.
10:14:18
          15
                         MR. ROCHON: The witness needs to understand
10:14:20
          16
               this as well, maybe not all objections, but this part.
10:14:24
          17
               So if the translator could proceed.
10:14:26
          18
                         MR. SCHOEN: All right. So let -- let me back
10:14:27
          19
               up.
                    I'll back up, then.
10:14:29
          20
                         MR. ROCHON: Okay.
10:14:30
          21
                         MR. SCHOEN: In response -- in response
          22
10:14:31
               to Mr. Rochon's question, I am proceeding as the
10:14:39
          23
               judge ordered, asking questions first of Mr. Malouh
10:14:51
          24
               regarding -- regarding any relevant knowledge or
               actions in his capacity as a member of the PLO
10:14:57
          25
```

```
10:15:12
           1
               Executive Committee. And then I will ask him
10:15:20
           2
               questions about any relevant knowledge or actions
10:15:30
               in any other relevant capacities.
           3
10:15:40
                         I was reading from the order that's docket
           4
10:15:43
           5
               entry 162. Okay.
10:15:59
           6
                         MR. McALEER: David, just for clarity's sake,
10:16:02
          7
               the order says that, upon completion of the questioning
10:16:06
           8
               regarding the PLO Executive Committee capacity, you may
10:16:11
           9
               then move into other areas.
10:16:13
          10
                         And further to Mark's request, if you could
10:16:17
          11
               just let us know when you have completed that first part
10:16:22
          12
               of your examination so that the record is clear when the
10:16:27
          13
               transition is occurring.
10:16:28
          14
                         MR. SCHOEN: Sure. Actually, the -- oh,
10:16:30
         15
               sorry.
10:16:34
          16
                         OFFICIAL INTERPRETER BEN-NAIM:
                                                         You'll have
10:16:34
          17
               to repeat. I didn't write anything. So --
10:16:38
          18
                         MR. McALEER: I will repeat what I just said.

          23
                         MR. McALEER: David, for clarity sake, the
10:16:51
          24
               order in the case is that, when you have completed

capacity, then you may proceed with other examination regarding other areas.

Further to Mark Rochon's question, you — we would appreciate it if you would indicate on the record when you have completed that first part of the examination so that the record is clear when the transition occurs.

Is that agreeable to you?

MR. SCHOEN: Yes.

Q. BY MR. SCHOEN: Yes, I intend to proceed that way so that all of the questions I ask you now, unless or until I say otherwise, relate to your relevant knowledge in your capacity as a member of the PLO Executive Committee.

Now, as to the car that you have as a function of your role as a PLO Executive Committee member, what kind of car is that?

A. More than once, I have utilized cars that have been covered by the PLO. I used to have a rental car for a while. I had a car from Opel Astra — Astra. Then I had an Audi that was demolished at the compound where Yasser Arafat was. Currently, I have a Mercedes which is a old model, '97, '98.

Q. All right. For all of those cars, the PLO has been paying either for rental or they bought the

car for you? 10:20:47 1 10:21:10 2 Α. I already mentioned that -- that the PLO 10:21:13 has been covering the expenses for all members of 3 10:21:16 the Executive Committee, whether it is the car or 4 10:21:19 5 the accommodation. 10:21:22 6 Q. So the PLO, then, is paying for cars and 10:21:26 7 homes for every member of the PLO Executive Committee, 10:21:31 8 as far as you know? 10:21:44 Α. Correct. 10:21:46 10 Do you know whether the -- do you know who Q. 10:21:49 11 the members are of the PLO Executive Committee, the 10:21:52 12 other members? 10:22:02 13 Of course. I meet with them. Despite the --10:22:26 14 despite the fact that, since 1993 until '98, there was 10:22:31 15 a disruption in my participation, as well as when I 10:22:35 16 was detained after two -- the year 2000 until 2002, 10:22:39 17 I haven't been meeting with members of the Executive 10:22:43 18 Committee. 10:22:44 19 CHECK INTERPRETER HAZOU: 2007. 2002 to 2007. 10:22:47 20 MR. ROCHON: Our -- our translator said that 10:22:47 21 he referenced 2002 to 2007 as the period when he was 10:22:53 22 incarcerated and not meeting. I wonder if the -- the 10:22:57 23 translators could agree to that. 10:23:00 24 THE WITNESS: June 2002 until July 2007. 10:23:05 25 BY MR. SCHOEN: That's the period when he was Q.

- Q. What does that mean, "I used to represent"?
- A. I am here a representative as a member of the Executive Committee. But I do not represent the Executive Committee.
- Q. I'm asking you, sir: As a member of the PLO Executive Committee, is Fatah a member of the PLO Executive Committee?
- A. I am not entitled to respond on behalf of Fatah. Talk to Fatah directly.
- Q. I'm sorry. I'm not asking you to respond on behalf of Fatah. I'm asking you: Based on your knowledge, in your capacity as a member of the PLO Executive Committee, whether Fatah is a member —
- A. It doesn't have to do with my knowledge of this. I am here in a very specific case, and I'm ready to discuss this specific case with you.
- Q. Mr. Malouh, with all due respect, unless your lawyer a lawyer directs you not to answer, I'm going to continue asking my questions. If your lawyer directs you not to answer, then we can discuss it among the lawyers. So I want to ask you one more time for an answer to my question.
- A. I want first to tell you that I have not received any instructions from the lawyer or otherwise.

10:52:30 1 I am discussing this issue. This has nothing to do with 2 10:52:34 discussion with lawyers and the session over this topic. 10:52:41 I am not entitled here -- in a position to speak about 3 10:52:45 4 Fatah or otherwise. - I will not respond to any faction or person who are members of the PLO. You could address yourself directly to them and talk to them.
- Mr. Malouh, the -- again, the translator -it's a little difficult because you're speaking a little bit long before you take a break. If you could, just take a break, a little shorter, and then finish your sentence.

Do you know -- go ahead.

Α. I clearly stated that I will not respond to such questions whether you have representatives or otherwise. I will not respond to such questions. 10:54:40 1 Because, if you want to ask them, you can directly 10:54:46 2 address yourselves to them. 10:54:52 Do you meet with the other members of the 3 Q. 10:54:54 4 PLO Executive Committee? 10:55:04 5 I meet or I don't meet. I could meet and I could not meet and I could 10:55:32 10 meet regularly or non-regularly. This is not a matter 10:55:35 11 to -- I will discuss with you. 10:55:37 12 Mr. Malouh, is your answer that you refuse Q. 10:55:40 13 to answer my questions about whether you meet with the 10:55:43 14 PLO Executive Committee, as well as any questions when 10:56:00 15 you meet with --10:56:01 16 (Comment in Arabic by the witness.) 10:56:01 17 BY MR. Mr. Malouh, again, with all due 10:56:17 22 respect, I'm asking the questions here. So please 10:56:18 23 let me finish my question. 10:56:24 24 Now I'll ask you again. 10:56:25 25 Do you refuse to answer any questions on the

10:57:13

- A. It doesn't roll -- roll on its own. But, clearly, my driver in Amman was different than my driver here.
- Q. Yes. I wasn't asking for who your driver was yet.

But, Mr. Malouh, since you've been a member of the PLO Executive Committee, during the course of your membership on the PLO Executive Committee, has the PLO paid for a driver for you?

- A. As long as I am in -- in -- in my position, the PLO will cover this. These are bylaws within the PLO.
- Q. There are PLO bylaws that require the PLO to pay for these kinds of expenses these kinds of expenses for every member of the PLO Executive Committee?
- A. Every member who has been elected for the Executive Committee, the PLO is responsible to provide a car and an accommodation for him or her.
  - Q. And are you paid a salary by the PLO?
- A. I think we're not coming here for the salary and the house. These are irrelevant questions.
- Q. Are you paid a salary by the PLO in your capacity as a PLO Executive Committee member?

- A. I answered I didn't come here in in order to respond to all these kinds of questions.
- Q. As I understood your answer, Mr. Malouh, most recently you said the PLO doesn't pay you anything except for your apartment or your car.

Is that your testimony today?

- A. Understand it the way you want. And I don't prevent you on this topic. But I reiterate that I did not come here in order to respond to such kinds of questions.

  - A. I have -- I have 220 shekels.
  - Q. Do you have money to pay --
- A. If you want, I could count them with the lawyer here.
- Q. Do you have money to buy food during the week for your family?
- A. My wife works for the Ministry of Social Affairs. She's the person to -- to cover the home expenses.
  - Q. That's a ministry within the PLO or the PA?

- A. You keep coming back to this account and to the cash and the salary. I tell you every functionary is paid through the bank.
- Q. I'm asking you just about you, Mr. Malouh, right now.

When you're paid money, does that money go into a bank account?

- A. If you have money to pay me, that that's fine. I will immediately give you the bank account.

  I will open an account and inform you about it.
- Q. Where do you have your bank account, Mr. Malouh?
- A. When you decide to deposit funds for my favor, I will go open a bank account and inform you about its number.
  - Q. Do you have a bank account now?
- A. I tell you: When you decide to donate funds for me, I will go open an account and inform you about the bank account.
- Q. (Not translated.) Do you refuse to tell me now whether you have a bank account or where that bank account is?

Excuse me.

A. I don't refuse any question or answer. But if you do not like my answer, that's another matter.

11:23:45 1 Mr. Malouh, do you have a bank account now? Q. 11:24:01 2 Α. I already told you that, when you decide to 11:24:03 donate funds to me, I will open a bank account. 3 11:24:14 Mr. Malouh, your wife is employed by the PLO? 4 Q. 11:24:20 5 MR.                     A. I speak in the name of the PFLP within the
               PLO.

My answer is that there may be different
11:27:51

           2
               positions and different opinions taken by various

11:28:06
           6
                         I'm just asking whether there are other PFLP

11:29:05
          10
               and there are positions. It seems that there is an
11:29:08
          11
               ignorance in the modus operandi of how the Executive
11:29:12

11:29:16

11:32:14

                         Mr. Malouh, to your knowledge, as a member of

11:33:27

11:33:35

               confusing. So we'd ask you to rephrase it, Counsel.

11:33:51
         15
                         Counsel, this is the portion of his testimony
11:33:54
         16
               dealing with his being on the PLO Executive Committee
11:33:56
         17
               for -- as a -- as a representative -- as a member of the
11:34:00
          18
               PLO Executive Committee. And that's why I was objecting
11:34:03
          19
               the last time and to this time.
11:34:04
          20
                         If you're moving to the PFLP portion of your
11:34:06
          21
               examination, you should so state.
          22
11:34:08
                         MR. SCHOEN: I'm not. I'm asking him in his
11:34:09
          23
               capacity -- that's why I prefaced the question with
11:34:10
          24
               that. In his capacity as a member of the PLO Executive
11:34:15
          25
               Committee, is he aware of whether he holds a leadership
```

               position in the PFLP also?
           2
                         MR. ROCHON: When you say "while he's" --
11:34:24
11:34:25
               that's what my objection is. If you could make your
           3
11:34:32
               question more clear. Are you saying: Is he acting
           4
11:34:35
           5
               in both capacities? Are you saying -- your question
11:34:37
           6
               is so confusing as to not be able to be answered.
11:34:40
           7
                         MR. SCHOEN: Yeah. Let me -- let me --

               I'll -- this is just directed toward you, Mr. Rochon.
11:34:44
          9
                         In -- in our -- from our perspective, as
11:34:46
          10
               a member of the PLO Executive Committee, he needs
11:34:51
         11
               to know and ought to know and may know -- whether
11:34:54
         12
               he knows or not -- what factions are represented on
11:34:58
         13
               the PLO Executive Committee and whether any members of
11:35:03

11:35:11
         16
               a member of the Executive Committee.
11:35:16
         17

11:35:19

11:35:22

11:35:23

11:35:28

- Q. I hope my question wasn't [sic] clear. I'm not asking any political questions.

I'm asking you simply if you know who in the PLO or PA -- PNA would know whether a request was made or payment was made -- request from the PFLP or payment made to or for the benefit of the PFLP?

- A. I do not have a response to this question.

  And you can ask those who are concerned on this issue.

- Q. Who would the people -- you referred to "the people concerned."

Who are those people that I should speak to to get an answer?

A. You -- you -- you spoke a while ago about the PLO, the PNA, the Palestinian [sic] National Fund. So -- so you know -- I mean, you are the one who knows.

MR. McALEER: Objection as to form. Lack of foundation. Calls for an improper opinion and is vague. And lack of foundation.

THE WITNESS: At first, I tell you I believe in the platform as is. The PLO is a social/political formation. It has all factions, Marxists and moderates and all parties. And these parties have opinions. For instance, over the Oslo Accords, there was different opinions.

and whether it's a Federal rule or not, you can't just inquire about governmental functions. We're here about a specific case.

We've -- we've obviously gone a long period of time, and you still haven't gotten to anything to do with this case. This is so far afield that this witness should not answer the question. And it goes to political issues that aren't part of this case, current political issues.

MR. SCHOEN: I -- I disagree with your characterization of the questions that I've asked so far. What -- it is inappropriate to make a speech on that subject.

I asked you simply whether there's a Federal rule that you're relying on. And are you instructing the witness not to answer? And please state the basis for the instruction to the witness not to answer.

MR. ROCHON: I'm instructing the witness not to answer as to what transpired at the committee meeting of two days ago.

MR. McALEER: And — and let me also note for the record that the order of the Court dated July 30, 2012, docket entry 162, limits the scope of this part of the deposition to relevant knowledge and actions that Mr. Malouh may have as a member of the PLO Executive

Committee. And so by that standard, your question and the information it seeks is not appropriate under the Court's order and as well as any other applicable bases.

MR. SCHOEN: I disagree completely. It's certainly relevant whether the PLO Executive Committee discusses payments to factions or other business or its approval of various factions. And I don't think there's any basis under the Federal rules for direction not to

MR. ROCHON: I -- I understand your point.

And if you'd ask a question about payments to factions,

I haven't objected yet, have I?

Your question was: What did they talk about two days ago? That could have related to peace negotiations. That could have related to the situation with the settlements. That could have related to sensitive political issues. And the witness is not going to answer those questions.

Now, if you want to ask about payments to the factions, which you've been doing, I haven't objected once. I'm instructing the witness not to answer the question as phrased. If you rephrase it, I may not instruct him.

- A. No one decides for me "yes" or "no."
- Q. I'm not looking to decide. I'm asking you for a "yes" or "no" answer to a question that can get a "yes" or "no" answer.

  - Q. I understood that.

I'm asking you: As a member of it — as a member of it, do you believe you have a duty to the PLO with respect to how the PLO spends its money?

- A. You can ask this question to the president and the the secretary general of the Palestinian National Fund.
- Q. I'm asking you, as a committee member, what you un -- what you understand your duties to be?
- A. I am not here to respond to questions which are irrelevant. Otherwise, every party can answer for its own.
- Q. Mr. Malouh, you mentioned before that you were in jail from this period some -- sometime in 2002 to 2007; correct?
  - A. Yes.
- Q. Did you understand, during that period, you still were a member of the PLO Executive Committee?
  - A. The membership of the Executive Committee

                         What were you in prison for?

12:56:03
          15
                         MR. ROCHON: Objection. This is not within
12:56:07
          16
               the scope of the first part of your examination.
12:56:10
          17
               first part of your examination deals with the status
12:56:12
          18
               of the PLO Executive Committee. And I don't believe
12:56:16
          19
               there's any reason to believe that the reason for
12:56:19
          20
               incarceration related to that.
12:56:20
          21
                         MR. SCHOEN: He just said that the Executive
12:56:22
          22
               Committee should reward him for being in prison.
12:56:25
          23
               this is clearly, then, something that's of interest
12:56:28
          24
               to the Executive Committee according to Mr. Malouh.
12:56:31
          25
                         MR. ROCHON:
                                       If you want to ask him why he
```

```
12:56:33
           1
               thinks that, I have no objection. But the reason for
           2
               him being in prison is not by virtue of being in the
12:56:34
12:56:37
               Executive Committee.
           3
12:56:38
                         MR. SCHOEN: That would determine whether the
           4
12:56:39
           5
               Executive Committee's interest is based on the nature
12:56:42
           6
               of his crime or not and what their interests are, how
12:56:47
           7
               they view what he's arrested for. If he -- they should
12:56:51
           8
               reward him -- go ahead.
12:56:52
          9
                         MR. ROCHON: If you're talking about resolving
12:56:52
          10
               this, sooner or later you could get to this question.
12:56:55
          11
               I'm noting that I think it's not part of this first
12:56:59
          12
               part. You think it is. We can resolve that some other
12:57:02
          13
               time. If you want to go ahead and have him answer that
12:57:02
          14
               now, I'd preserve the objection.
12:57:06
          15
                         MR. SCHOEN: All right. Let him answer it
12:57:09
          16
               now then, please, and you can preserve the objection.
12:57:10
          17
                                             If the witness recalls
                         MR. ROCHON:
                                      Sure.
          18
12:57:13
               the question, that's fine with me for him to answer it.
          19
12:57:13
                         As I recall the question, it was: What was
          20
12:57:15
               he in prison for?
12:57:16
          21
                         MR. SCHOEN:

           3
                         Does the official translator accept the

               There was some disturbance in the voice.

12:59:39
          9
               we could make sure that the witness and translators
12:59:43
          10
               are not talking at the same time, that would be great.
12:59:46
          11
               But the record reflects that the official translator
12:59:50

               accepted the check translator's proposed translation.

13:02:12

Therefore, I'd ask the witness to repeat his last answer, which was given in response to the question as to whether he said the statements Mr. Schoen said THE WITNESS: At first, I would like to say clearly that my detention was purely political and it has no relationship or justification whatsoever. And I want to speak with -- with detail about this phase. In -- in 2005 -- sorry -- 2004 -- on the 21st of November, 2004, I was in Ofer prison, and I was sentenced in the same prison. And I told them then that I came among five or six million Palestinians stranded abroad. And I came in my capacity as member of the Executive Council and the PNC. And -- and during this period, I was going to Gaza, and I was going abroad with Yasser Arafat. And during this period, it is you who were granting In the same session, after the judge has accepted to adjourn the court in this case -- I don't know what is the communication or the line of communication with the prosecutor. After, he said:

You can go to the appeal court so that you may be able

13:11:10 1 to adjourn the case. Then I was taken by the prosecutor 2 13:11:32 and by the judge to Ofer where the cause -- the -- the 13:11:36 case was to be proceeded. The major prosecutor: 3 13:12:03 4 he does not accept on the deal, take him and grill him. 13:12:09 5 And the prosecutor requested that there should be a 13:12:23 6 maximum of ten years in order to pursue on this issue. 13:12:30 7 The judge -- the judge had issued a sentence 13:12:41 8 of imprisonment of seven years and two years minimum 13:12:46 9 with a quarantee of five years. For what? It was based 13:13:03 10 on two things. That is the verse of all the charge list 13:13:09 11 and -- and being a member of a hostile organization. 12 13:13:18 On this ground, I say this is unfair and is 13:13:25 13 13:13:30 14 with -- this is a very clearly politically riddled 13:13:43 15 issue like Lieberman speaks about Mahmoud Abbas and

a mistake. And this is -- and this is a court with -what happened with Yasser Arafat.

BY MR. SCHOEN: Mr. -- Mr. Malouh, to summarize, you understand the charge brought against you was for being a leader of this hostile organization, as I understood it. By that, you mean PFLP; correct?

But -- but you told the police that you believe you were arrested or that it was illegal to arrest you because you were a member of the PLO Executive Committee; correct?

First of all, I do not agree for the Α.

               for the record, it's my -- it's my understanding that

               statement in Arabic in Mr. Malouh's handwriting that

               was given -- oh, go ahead and translate.

               serious? No, I mean, if you want --
13:20:46
           8
                         MR. SCHOEN: Okay. I'll start over.

13:20:55
          10
                         MR. SCHOEN: And that a copy of this
13:20:57
          11
               same exact document in Arabic in its original form,
          12
13:21:07
               as it appears today and as it was sent to defense
13:21:16
          13
               counsel yesterday, was also sent to defense counsel,
13:21:24
          14
               Mr. McAcleer, and all defense counsel many weeks ago
13:21:31
         15
               by e-mail as part of our disclosures in the case --
13:21:43
          16
               disclosures, things we turned over in the case, with
13:21:53
          17
               plenty of opportunity to translate it on their own,
13:22:01
          18
               if they wished to do so.
13:22:10
          19
                         They may have translated it. They have
13:22:18
          20
               told us that they have translated other documents in
13:22:20
          21
               this case. We presented it to Mr. Malouh for purposes
          22
13:22:30
               of this deposition in its original form in Arabic as
               he wrote it so that he would be able to review it and
13:22:42
          23
13:22:57
          24
               so that he would not think we changed anything in
13:23:04
          25
               translating it. And it is our understanding that
```

```
13:23:14
           1
               there's a translator there who could translate it
13:23:20
           2
               for counsel present who needs a translation.
13:23:29
           3
                         But, in any case, the -- the purpose of
13:23:32
           4
               asking Mr. Malouh to look at the statement today --
13:23:35
           5
               and subject -- I understood all of Mr. McAleer's
13:23:37
           6
               objections. I understand he's standing by those
13:23:42
          7
               objections. I'm -- we're showing the document to
13:23:44
          8
               Mr. Malouh today to ask him to review it, perhaps
13:24:06
          9
               to refresh his recollection, if it needs refreshing,
13:24:08
          10
               to recall that he told the police, on his arrest,
13:24:22
          11
               that he felt he was being arrested because he's a
13:24:28
          12
               member of the PLO Executive Committee.

13:25:07

                        I affirm that what is in Exhibit 7 I have

13:25:54

               that there was a very clear avoiding to refer to the

               I have not been exposed to this interview. Frankly,
14:36:18
          24
               I have not read it, and I do not recall. As I said,
14:36:23
          25
               this -- it has been years and years that this happened.

                         Okay. In all of this time that we've been
                    Q.
               discussing this, I submit to you, Mr. Malouh, you could

- Q. So again, Mr. Malouh, as you sit there, I'm asking you to read what appear to be three pages of this document. It --
- A. I am not ready now to read any document that I have not been exposed to previously.
- Q. When you say "exposed," Mr. Malouh, this appears to be a document that's an article that you wrote in your -- in your capacity as a member of the PLO Executive Committee and in your capacity with the PFLP.
- A. I said clearly that I'm not in a position -I'm not -- in a position not to discuss a document that
  was ten years ago. Maybe I have written. Maybe some -someone else has written. But I'm not in a position to
  answer on it.
- Q. Yeah. That's why I was asking asking whether you wrote it, if you can tell by looking at it. Because it does have your name in both capacities.

So I'm ask --

- A. I said I'm not ready you can direct your questions to the publisher, to the Palestinian Institute for Studies. But if you have any specific comments, I can respond to it.

If you'd turn to page six -- it's marked "67" on the document. It's about halfway down the column.

And in Arab -- in Arabic, it appears to say the word

"third." We'll ask the translator to translate.

Please look at that page 67. I want to ask you a question about it.

- A. I will not respond. I will not respond to anything, whether it is page 67, 68, or 69, what happened, when happened. I'm not going to be forthcoming in responding to these questions.
- Q. You had asked me to ask you a specific question about the document. So I'm trying now to accommodate you.

So if you would look at that page 67 in the part I asked you to look at, which purports to talk about the — the reasons for the Intifada. I want to ask you if you agree with what's written there as you read it now?

- A. I -- I'm -- I -- I'm not going to debate this issue. But the reasons for the Intifada is the occupation. You are the reason for the occupation.
- Q. In -- in -- on this page 67, if you wrote this article, you appear to give several reasons for the Intifada, in -- including the ability to obtain weapons. So I'm asking you to read it and see whether

                         CHECK INTERPRETER HAZOU: Yes. But he said
14:48:11
         13
               something before it -- before that. You're right,
14:48:12
         14
               Albert. This is what he said. But he said something
14:48:16
         15
               before, which I think you did not hear.
14:48:18
          16
                         MR. SCHOEN: And that's what -- I'm sorry.
14:48:20
         17
               George, that's what you had said into the record?
14:48:21
         18
               That's -- what you said into the record is what you
14:48:24
         19
               heard Mr. Malouh say; correct?
14:48:29
          20
                         CHECK INTERPRETER HAZOU: Yes, sir.
14:48:30
          21
                         MR. SCHOEN: Okay.

14:49:00
                         MR. SPITZEN: He's now -- he's now speaking
           6
14:49:01
           7
               to George.
14:49:02
           8
                         BY MR. SCHOEN: Okay. Mr. Malouh, I want to
                    0.
14:49:02
          9
               be clear with you. I want you to have as much time as
14:49:07
          10
               you feel you need to read these documents in order to
14:49:21
          11
               answer my questions. Now, some of the questions have
14:49:29
          12
               been asking you to identify the document and whether
14:49:37
         13
               you recall whether you -- if you wrote it or gave the
14:49:40
         14
               interview.
14:49:40
         15
                         As I understood your answer to that, it's
14:49:52
          16
               essentially that you would need more time to read the
14:49:59
         17
               document and consider it. On that point, I'm asking
14:50:10
          18
               you to please take as much time as you want.
14:50:17
          19
                         And on the second set of questions, I'm asking
14:50:24
          20
               you simply to look at the document now, specifically
14:50:33
          21
               page 67 of Exhibit C, and ask you just to comment on
14:50:42
          22
               that -- what's written there, whether or not you recall
14:50:50
          23
               if you wrote it or gave an interview.
14:51:02
          24
                         Will you do that, please?
14:51:14
          25
                         In this session, it will not happen, because

14:51:17
           1
               this has been since long time. Do you want to get me
           2
               back to prison? Whether it is the interview or what was
14:51:21
               written has its own circumstances when it was written.
14:51:39
           3
14:51:42
               Whether it is relevant or not, I don't know.

14:51:46
           5
                         Do you refuse to read it and answer my
14:51:49
           6
               question based on the document?
           7
14:51:53
                    Α.
                         I refuse reading it now in this particular

                         Will you agree to come back for another
14:52:00
          10
               session after you've had a chance to read it?
14:52:06

                    Α.
                         This has to do with the future and with time.
14:52:08
          12
               It depends.
14:52:10
          13
                         Okay. Let me ask you to look at exhibits

14:52:42
          18
                         Let me ask you a question, Mr. Malouh.
14:52:59
          19
                         When you -- if you were to write an article
14:53:07
          20
               or give an interview in your capacity as a PLO Executive
14:53:15
          21
               Committee member, do you need to get anyone's permission
14:53:24
          22
               to do so?
14:53:25
                          (Examining.) Very clearly, if -- if I need

14:53:58
           2
                         I don't understand.

               name of papers.
14:53:59

               from them?

               any other person, speak what I want to speak. And it
14:55:30
               has to do with the political decision which is connected

               articles -- and I'm not saying you need to go back
         22

if you read them out.

I have to admit, since they're in Arabic — and we've received many documents from you guys. I don't even know if we've received all those. We haven't had a chance to compare them. I don't read Arabic. And these are long articles. And so it's very hard to speak to an entire article.

But if there's a specific statement and you want to just read it out, Counsel, and say, "Do you agree with it or not?" I think maybe you could cover the topics you wish to cover, which is are — are these reflective of his views or not.

But for him to go and read all of these articles and try to -- which have to be read in context and take a long time, when you haven't seen them before, puts him in an uncomfortable position because who knows if they edited them right, if they didn't edit them right. But what kind of -- all those issues.

But if there's specific statements in there that you want to say to him whatever it says in English — and it will be translated into Arabic — then we can see what he says about them.

MR. SCHOEN: Yeah. With all due respect,

I disagree with the editorialization that it would take
a long time or that they're long articles. They're

```
15:11:21
           1
               short articles. I asked him the questions that I asked
           2
15:11:23
                     In my view, he refused to answer those questions.
15:11:27
                         I asked him also specifically, consistent with
           3
15:11:29
               what you're now asking me to do again, to simply take
           4
15:11:32
           5
               one paragraph and read it to himself or out loud and
15:11:36
           6
               comment on it. He refused to do that also. It's about
15:11:39
          7
               ten lines.
                         MR. ROCHON: You're -- but your question
15:11:40
           8
15:11:42
          9
               doesn't include what that content is. You have to
15:11:44
         10
               ask -- read out loud -- for you to confront a witness
15:11:47
         11
               with a statement, you have to say to the witness "read
15:11:50
         12
               it out" and have the witness comment on it.
15:11:53
         13
                         MR. SCHOEN: I don't --
15:11:54
         14
                         MR. ROCHON: Not just read some document in
15:11:56
         15
               a foreign language that -- that isn't the language of
15:11:58
         16
               this case and then start some dialogue about it.
15:12:02
         17
                                             Okay. I --
                         MR. SCHOEN: Yeah.
15:12:02
         18
                        MR. ROCHON: If you want -- I --
15:12:02
         19
                        MR. SCHOEN: Go ahead. Sorry.
15:12:03
         20
                        MR. ROCHON: So we disagree.
15:12:05
         21
                        MR. SCHOEN: Yeah.
         22
15:12:05
                         MR. ROCHON: I thought I was going to get
15:12:05
         23
               a way to solve it. I respect your opinion, even if
15:12:07
         24
               I disagree with it. We disagree. You're not going
15:12:10
          25
               to proceed that way. We don't need to debate whether
```

you have to or not. 15:12:11 1 15:12:12 2 MR. SCHOEN: Right. So I'll -- I'll ask you what I think is consistent with what you've said. But, 15:12:14 3 15:12:17 4 again, you may disagree with it. 15:12:18 5 I'll ask again if Mr. Malouh will read that 15:12:23 6 paragraph that I referred to on page 67 to himself, 15:12:25 7 tell us what it says, and then comment on it. 15:12:30 8 MR. ROCHON: Well, that's where, I quess, 15:12:31 9 we disagree. I don't think Mr. Malouh has to interpret 15:12:33 10 for you what that says. If you want the -- if you want 15:12:37 11 to -- if you want to read out loud what you understand 15:12:41 12 it to say in English, which is the language of this 15:12:43 13 case -- and then at least I would know what you're 15:12:45 14 asking him. Because I don't even know what question 15:12:46 15 you're asking right now, because I don't read Arabic. 15:12:48 16 MR. SCHOEN: Yeah. I'm not asking him to 15:12:50 17 interpret anything. I asked him to read it simply. 15:12:50 18 We have a translator here. He can read it to himself, 15:12:55 19 if he likes, and tell us whether he agrees with the 15:12:58 20 statement or doesn't agree with the statement. Or he 15:13:01 21 can read it out loud, and the translator can translate 22 15:13:03 it. And then he could answer my question. Those are 15:13:05 23 the two options. 15:13:08 24 MR. ROCHON: Well, the third option was if you 15:13:10 25 provided an English-language translation of this, then

```
15:13:12
           1
               we would know what question you were putting, and you
           2
15:13:14
               could put it in English for it to be translated into
15:13:17
           3
               Arabic, which is how we should proceed here.
15:13:20
                         You're -- I'm -- I'm a lawyer from America
           4
15:13:22
           5
               in a case that's being tried in America. We're only
15:13:24
           6
               here pursuant to a foreign deposition. You need to
15:13:27
           7
               put your questions in English. That's a question that
15:13:29
          8
               you're putting to him in Arabic.
15:13:32
          9
                         MR. SCHOEN:
                                      Okay.
15:13:32
          10
                         MR. ROCHON: You need to present your question
15:13:34
          11
               in English. And then -- I don't know what that says.
15:13:35
          12
                         I don't even know if you're asking him
15:13:35
         13
               something relevant or not. How can I frame an objection
15:13:40
          14
               when I don't know what question you're asking him?
15:13:42
          15
                         MR. SCHOEN:
                                      The question I'm asking him --
                         MR. ROCHON: What is it?
15:13:43
          16
                         THE WITNESS: (In English.) You don't know,
15:13:45
          17
15:13:47
          18
               and I don't know.
          19
15:13:49
                         MR. SCHOEN: Please just --
15:13:51
          20
                                      The witness said: "You don't
                         MR. ROCHON:
15:13:51
          21

15:13:51
          22
                         MR. SCHOEN:

          23
                         MR. ROCHON:
                                      So I understand you disagree
15:13:54
         24
               with me. And we can move on, if you wish.
                                                           I -- I'm
15:13:56
          25
               suggesting a way that I think would be an appropriate

               way to move forward, understanding you don't agree.
15:13:59
           2
               I -- I was just trying to move things along. But go
15:14:03
               ahead however you wish, Counsel.
           3
15:14:03
                         MR. SCHOEN: Okay. I'm going to ask the

                         OFFICIAL INTERPRETER AGHAZARIAN:
15:14:15
         12
                         MR. SCHOEN: And then for the lawyers there,
15:14:17
         13
               you can translate it. Their translator can tell whether
15:14:20
         14
              he thinks it's an accurate translation or not. I'd ask
15:14:24
         15
              Mr. Malouh to --
15:14:25
         16
                         MR. ROCHON: No. Whatever the translator says
15:14:27
         17
               needs to be translated into English --
15:14:30
         18
                         MR. SCHOEN: Yeah.
15:14:31
         19
                         MR. ROCHON: -- for the court reporter.
15:14:33
         20
                         MR. SCHOEN: Yeah. I -- that's what I just
15:14:35
         21
               said to the translator.
15:14:37
         22
                         MR. ROCHON: Okay. Who's going to -- who's
15:14:39
         23
               going to read it in Arabic and who's going to provide
15:14:42
         24
               the contemporaneous English translation?
15:14:46
          25
                         THE WITNESS: Any translation -- any

15:15:04
           1
           2
               the meaning. So I say right now that -- that any

15:15:17
           4
                         MR. SCHOEN: Okay. And -- and so I'm going
15:15:18
           5
               to say, again: Will Mr. Malouh read the document to
15:15:22
           6
               himself in the Arabic and tell us whether he agrees
15:15:26
           7
               with the statement that is written there?
15:15:42
           8
                         MR. ROCHON: Counsel, it doesn't matter
15:15:43
          9
               whether he would do it. I'm objecting and saying you
15:15:47
          10
               need to put your question in English. You're not going
15:15:50
         11
               to present a foreign language document to the -- the
15:15:52
         12

15:15:54
         13
               knowing what it says.
15:15:55
         14
                                      If I ask Mr. Malouh to read the
                         MR. SCHOEN:

15:15:59
         16
               able to read it. I'm asking him to read it to himself
15:16:02
         17
               in Arabic. You --

                         MR. SCHOEN: Excuse me, Mr. Malouh. I'm not
15:16:04
         20
               finished. Excuse --
                         THE WITNESS: In this session, not in Arabic

         21
         22
15:16:12
               or any other language, I'm not in a position to go into
               this reading.

15:16:16
         24

                    Q.
                         BY MR. SCHOEN: My only question to you on
15:16:48
               this document, Mr. Malouh, is if you recognize what
           3
15:16:57
               appears to be your signature on the bottom of the page?
           4
15:17:00
           5
                         (Examining.) First of all, this document is
15:17:15
           6
               in Hebrew. It's not in Arabic or English. I personally
15:17:25
          7
               do not understand this language.
15:17:29

                         Okay.
15:17:35
          9
                         As for the signature, I have no idea whether
15:17:39
          10
               this was today, yesterday, or whenever. That's another
15:17:41
          11
               matter.

15:18:07
         14
                         I will not answer whether it seems or it does

                         (Not translated.) Okay. My actual question

               is: Do you see what appears to you to be your signature

- Q. BY MR. SCHOEN: -- if your actions are in your capacity as a member of the PLO or in your capacity as a member of the PFLP? How do you tell?
- A. It -- it has to do with the way that the PFLP looks at matters or the PLO.
- Q. Can you explain that further? I don't know what you mean.
- A. For instance, the pal the the support for the Palestinian people and the national movement, its positions are are debated, discussed. And then it comes out as a summary of all the inputs in it.
- Q. No, I'm asking a different question, I think.

  I'm asking you: When you take action any
  given day, how do you tell if that's Mr. Malouh, the

  PLO member, or Mr. Malouh, the PFLP member?
  - A. In both directions. I wear both hats.
  - Q. Both hats at the same time?
  - A. I make them one hat.
- Q. Okay. And when you learn something, some kind of fact, when you learn a fact when you're working in the PLO -- are you looking at something particular, Mr. Malouh? I see you looking to the right.
- A. I look right and I look up. And when I look straight forward, you are always facing me.
  - Q. I'm sorry I'm not more handsome.

           7
                         I say this is your opinion. I do not recall
                    Α.
16:34:18
           8
               that.
16:34:19
          9
                         I'm not speaking now about them. I'm speaking
16:34:22
          10
               in general.
16:34:23
          11
                         You said they may have asked. So I'm saying
16:34:30
          12
               sometimes people from the factions ask --
16:34:40
          13
                         I personally do not recall. I'm speaking
                    Α.
16:34:43
          14
               for myself.
16:34:44
         15
                         MR. SCHOEN: Okay. The next questions,
16:34:47
          16
               I have no way of knowing whether this -- whether
16:35:03
         17
               Mr. Malouh knows the answers, if at all, in his
16:35:10
          18
               capacity with the PLO or in his capacity with the PFLP.
16:35:26
          19
               I think, again, from his testimony, the answer's got
16:35:29
          20
               to be in both capacities at once. But I'm going to --
16:35:34
          21
               I'll ask -- go ahead.
16:35:35
          22
                         (Last colloquy translated.)
16:35:36
          23
                         MR. SCHOEN: I'll ask the question, and you
16:35:44
         24
               can decide how to proceed.
16:35:49
          25
                         BY MR. SCHOEN: Mr. Malouh, do you know
                    Q.
```

```
16:35:56
           1
               whether the PLO has ever provi -- provided money for
16:36:10
           2
               a PFLP office?
                         I have already answered that question that
16:36:30
           3
16:36:32
               I do not at all absolutely know whether there was a
           4
16:36:36
           5
               request or other kind of works.
16:36:40
           6
                    Q.
                         Do you know whether the PFLP has offices?
16:37:00
           7
                         In all areas, there are offices. But whether
16:37:03
           8
               these offices are financed by the PLO, I -- I do not
16:37:07
               know.
16:37:08
          10
                         No, my question this time was just: Does
                    Q.
16:37:11
          11
               the PFLP have offices?
16:37:26
          12
                         Are you asking if there is an office in
                    Α.
16:37:28
          13
               Algeria? Yes, there is an office in Algeria.
16:37:32
          14
                         Is there -- in the period 1996 to 2002 -- let
                    Q.
16:37:36
          15
               me narrow it there -- did -- did the PFLP have an office
16:37:45
          16
               in Ramallah?
16:37:53
          17
                         Of course.
                    Α.
16:37:53
          18
                    Q.
                         In that same --
16:38:00
          19
                         In all the governorates, there are offices

                         THE WITNESS: For example, in Gaza, there is

16:38:23
          10
               time period -- I'm talking around 1996 to 2002 -- did
16:38:37
          11
               the PFLP operate an office in Kalkilya?
16:38:50
          12
                         I don't know. I have visited Kalkilya more
16:38:53
         13
               than once. I don't know.
16:38:54

         16
                         I don't know that there are offices for the
16:39:16

               PFLP there. I visited my relatives there.
16:39:20

                         In what cities do you know that there are PFLP

                         I won't -- I won't -- I won't respond to this
16:39:43
          21
               question. In all towns -- let's say wherever there are
16:39:49
          22
               PFLP, they have offices in all the states.
16:39:52
          23
                         Okay. Mr. Malouh, since 1990 -- in the period

16:40:02
         24
               1996 through today, what is your position with the PFLP?
16:40:31

16:41:36

               appropriate to act.

16:42:10

SCHOEN: Let the record reflect that 17:02:07 16 Mr. Malouh referred to Mr. Haller before as sitting 17:02:11 17 on my right when he asked me about something to do 17:02:16 18 with the person on my right. 17:02:33 19 BY MR. SCHOEN: Mr. Malouh, is there a written Q. 17:02:36 20 charter or constitution for the PFLP? 17:02:53 21 Α. I have answered this question a while ago 17:02:55 22 and more than once. 17:02:58 In addition to the bylaws, is there also 23 Q. 17:03:00 24 a charter that sets out the philosophy or the mission 17:03:04 25 of the PFLP?

17:03:23 1 Α. Also I have already answered this question. 17:03:25 2 Q. Please answer it again. 17:03:34 3 Α. I say I have answered this question 17:03:41 previously. There is redundancy here. Let us bring 4 17:03:51 5 this encounter to an end. 17:03:53 6 Q. Mr. Malouh, can you now read what's on the 17:03:56 7 screen? We tried to make the print bigger. 17:03:59 8 Can you read it? 17:04:17 9 Α. I have already read the bylaws. And I am not 17:04:23 10 able to read it in such a way now. 17:04:26 11 Q. Because you can't see the print? You can't 17:04:30 12 read the print? 17:04:42 13 I do not see it. And, also, I do not wish 17:04:44 14 in order to see such questions and such writing. 17:04:53 15 Q. Mr. Malouh, have you ever worked in a PFLP 17:04:57 16 office? 17:05:11 17 What kind of question is this? Of course I Α. 17:05:13 18 did. 17:05:15 19 Okay. Where? Q. 17:05:19 20 But not here. Not in offices here. 17:05:24 21 in Jordan, in Lebanon, Syria, Algeria. My political 17:05:31 22 activity has been all over these places. 17:05:34 23 Q. Did you work in any PFLP office 12 Q. 17:07:10 13 anyplace during that period? 17:07:22 14 If -- if there were offices -- if -- if Α. 17:07:30 15 there were offices wherever I went, of course I would 17:07:33 16 visit these offices. But my work was within the PLO 17:07:39 17 framework. 17:07:46 18 Have you ever worked from a PFLP office Q. in Ramallah? 17:07:48 19 17:08:01 20 I worked from the offices of the PLO in Α. 17:08:06 21 Ramallah. 17:08:07 22 Have you ever visited the PFLP office in Q. 17:08:09 23 Ramallah? 17:08:24 24 If there are offices pertaining to the PFLP 17:08:26 25 in Ramallah or in Gaza or in Latin America or whatever

17:13:30 1 BY MR. SCHOEN: I asked you before, 2 17:13:31 Mr. Malouh, if you had any income as a mem -- as 17:13:41 a member of the PLO Executive Committee. 3 17:13:47 I'm asking you now whether you have any income 4 17:13:54 5 from any source -- whether you have any income from any 17:13:57 6 source in any capacity? 17:14:14 7 From the outset, I will tell you that I'm not Α. 17:14:17 8 in a position to answer such kinds of questions. 17:14:20 9 Q. You're in a position to answer it. 17:14:22 10 Do you refuse to answer it? 17:14:33 11 Α. I did not say that I resent responding to 17:14:36 12 your questions. I said I cannot. And this makes the 17:14:41 13 whole difference. 17:14:42 14 You cannot answer my question as to whether Q. 17:14:44 15 you have any income from any source? I cannot. And this is a very highly personal 17:14:58 16 Α. 17:15:01 17 question, which I cannot present in such a form. 17:15:05 18 Q. Why? Why can't you answer it? 17:15:12 19 Because I can -- I simply cannot respond. Α. 17:15:17 20 You understand the question is whether you Q. 17:15:19 21 make any money, whether anyone gives you or pays you 17:15:23 22 any money in any form anytime? 17:15:45 You or anybody in this room and in that room 23 17:15:50 24 have the right to ask the question who gives and who

does not give support.

17:15:55 1 Ο. (Not translated.) Yeah. I'm asking you 17:16:00 2 whether you get any income, receive? 17:16:05 Don't ask me such questions. Because, in the 3 Α. 17:16:14 4 first place, the basis of this question is wrong. 17:16:18 5 Mr. Malouh, do you have any income from any 17:16:20 source? 17:16:30 7 I would not respond to you to such kinds of Α. 17:16:33 8 questions. 17:16:34 9 Q. Mr. Malouh, do you have any bank account? 17:16:40 10 I will not respond to such kinds of questions. Α. 17:16:56 11 You mentioned before, Mr. Malouh, that your Q. 17:16:59 12 wife gets some income; correct? 17:17:15 13 I don't know about that. But I know that my 17:17:19 14 wife works with the social affairs, full stop. 17:17:25 15 But you don't know if your wife gets any Q. 17:17:29 16 income from the PLO? 17:17:32 17 You have no relation -- you have no relation 17:17:36 18 for you to know what my wife takes from the PLO or any 17:17:39 19 other source. And this is not a way for interrogation. 17:17:49 20 Bye-bye, if that's the kind of questions. 17:17:52 21 Q. You're leaving, Mr. Malouh? 17:17:55 22 MR. ROCHON: Counsel -- Counsel, can we take 17:17:57 23 a short break so Mr. Malouh and his counsel can consult? 17:18:01 24 MR. 17:38:12

- Okay. What body, if any, within the PFLP Q. appointed you to be assistant secretary general?

  - Q. I'm asking you the question.
- Α. Don't ask me this question, because the answer you have at your disposition.
- Mr. Malouh, I'm entitled to ask you questions. I don't -- I'm not required just to read things. asking you the question. So I'll ask you again.
- You have been exposing on the screen the internal bylaws, which means that you have read it before even exposing it to me, that you are familiar with the contents of the internal bylaws. So this is why, once again, I tell you: Go to the internal bylaws, and you will -- you will get the answer.
  - Does the PFLP always follow its bylaws? Q.
  - Α. It depends. This depends.
- Then I'm sure you would agree with me, Q. Mr. Malouh, that just looking at the bylaws wouldn't necessarily answer my question about you.

So, in this case, I'm asking you -- I'm sure you would agree with me, Mr. Malouh, that I can't rely just on the bylaws to answer my questions.
